

Accelerate your city's path to climate neutrality with the Mission Platform!

Are you a city leader ready to take steps toward a climate-neutral future?

The **EU Cities Mission** Platform, managed by NetZeroCities, offers targeted support through peer learning, capability building, and online tools and resources—**open to all cities across Europe and Horizon-associated countries**.

By engaging with the **Mission Platform**, your city contributes to the EU Cities Mission's **second objective**: making Mission Cities hubs of innovation to help all European cities reach climate neutrality by 2050.

WHAT'S IN IT FOR YOUR CITY?

Accelerate your climate action journey with three pillars of support:

PEER LEARNING

Exchange with other cities to gain insights, inspiration, and practical solutions.

European Union level

- Online Discussion Groups
- Group Study Visits
- Twinning Learning Programme

National level

- Peer learning events with local relevance (delivered via national partners)

CAPABILITY BUILDING

- Online courses for city officials – Online Planning Lab
- Training sessions and tailored learning pathways
- Learning Hub

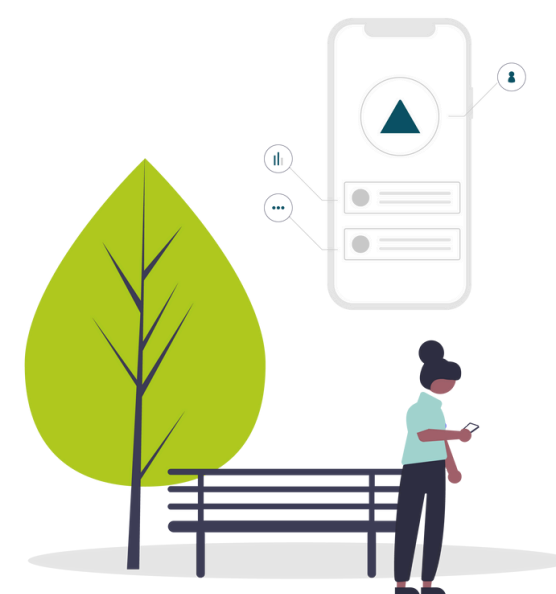

ONLINE TOOLS & RESOURCES

- NetZeroCities Portal – connect, learn, and take action
- Self-service tools for planning, portfolio development, financing, etc.
- Case studies, Climate City Contracts, and research publications

HELPDESK AND TECHNICAL SUPPORT

Get guidance every step of the way—from onboarding to deep dives.

- One-to-one sessions with the NetZeroCities Helpdesk
- Tailored advice based on your city's context
- Orientation sessions to get familiar with the platform

WHO IS THIS FOR?

These opportunities are open to all cities across Europe and Horizon-associated countries that aim to progress towards climate neutrality. Whether you're just starting or deepening your strategy, the platform meets you where you are.
